ALLIED ARMIES PUSH FORWARD

WIDESPREAD PANIC GRIPS HUN NATION

General Demoralization and Growing Dissatisfaction Prevalent in Army and Among Population.

Mutinies Among Troops Are Frequent.

Soldiers Are Despondent and Discouraged.

(Associated Press Cable)

London, September 7.—General demoralization of the German population and widespread and growing dissatisfaction in the German army accompanied by mutiny and desertion are described in a dispatch received from a Rotterdam correspondent under date of Thursday.

He asserts the German army is filled with despondency and seething with mutinous spirit and alarming outbreaks have occurred in several units.

One incident on the Arras front terminated in an entire Bavarian division being disarmed and transported back to Bavaria where it was placed in a prison camp, and the mutiny of one of the Silesian regiments resulted in nearly 100 of its men being executed.

UNREST IN GERMANY COMMANDS INTEREST

(By Associated Press Cable)

London, September 7.—Public interest today is equally divided between the unbroken advance of the allied armies and the apparent signs that the German people are in a state of nervous anxiety bordering on demoralization.

More editorial space is being given here to future events in Germany than the retreat of the German army.

The belief that something like a panic has seized the German populace is not based upon neutral stories which have raised false hopes in the past, but upon the utterances of leaders in Germany and the appeal of the German papers to the public to keep its head while they themselves admit the seriousness of the military situation.

SECOND AIRPLANE IN MAIL SQUADRON ARRIVES IN CHICAGO

(By Associated Press Dispatch)

Chicago, September 7.—Edward V. Gardner, pilot of the second airplane with mail from New York, arrived here this morning. He spent last night at Westville, Indiana.

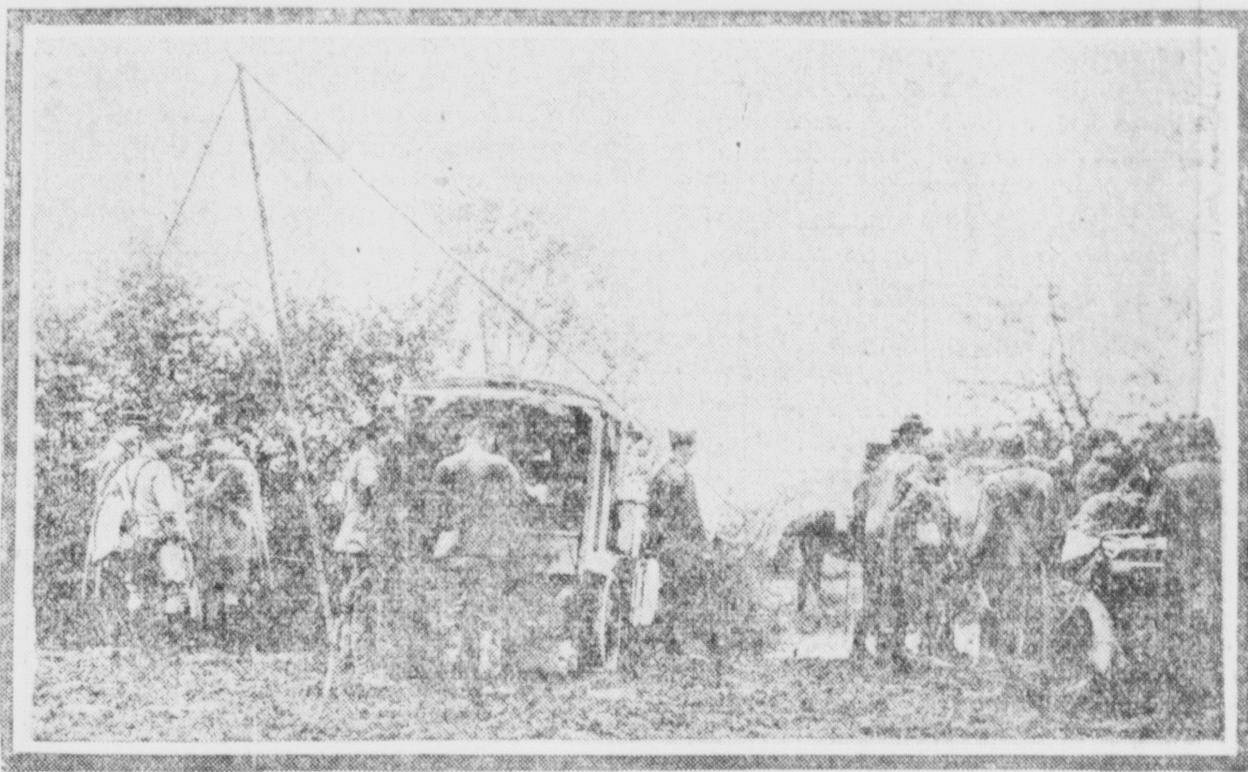

Gardner left New York Thursday, several hours after Max Miller, who arrived here with mail last night.

LENINE DEAD

(By Associated Press Cable)

Stockholm, September 7.—Contrary to reports received from official Bolshevik sources, travelers who have arrived at Haparanda, Sweden, from Moscow, assert Premier Lenine is dead.

AGED COUPLE GIVE ALL FOR FRANCE

MR. AND MRS. URBAN, SHANDEUR

An example of supreme love and everlasting devotion to one's country is found in the sacrifice of Urban Chandeur and his wife, Louise. The aged couple, after purchasing annuity in a French hospital in San Francisco, sent the remainder of their savings about \$2,000, to the French Consul-General at San Francisco, to be used to aid their France in the war. The couple are ninety-six and ninety-five years old, respectively. They were recently visited and personally thanked by General Pau upon his visit to San Francisco.

SAFELY OUT OF RUSSIA

107 American Refugees Arrive Safely in Sweden.

Assert Positively That Lenine Is Dead.

(By Associated Press Cable)

Haparanda, Sweden, September 6.—There were 107 Americans in the party of refugees which has reached Haparanda from Russia. The American refugees from Moscow and Petrograd say that while the storm raged in those cities against the Bourgeoisie, the Bolshevik newspapers demanded the lives of 1,000 of the members of the Bourgeoisie for every Bolshevik killed. The Bolshevik newspapers openly charged the British and French with attacks upon Lenine and Moscos Uritzkys.

NEW ARTILLERY SCHOOL.

Washington, D. C., September 7.—Creation of a coast artillery training center, with headquarters at Ft. Monroe, Virginia, was announced today by the War Department. It will include the coast defenses of Chesapeake Bay, the coast artillery concentration site at Camp Eustis, Virginia, and the several schools at Ft. Monroe.

WEATHER

Washington, September 7.—Weather predictions for next week issued by the Weather Bureau today are:

Some slight prospects of showers Monday or Monday night, otherwise generally fair. Temperature about normal.

AMERICAN FIELD ARMY FORMATION MOVING RAPIDLY

Nearly 95 Percent of Brigaded Troops Have Been Withdrawn to Separate Army Organization.

(By Associated Press Dispatch)

Washington, September 7.—Organization of the First American Field Army in France is progressing so rapidly that General March told members of the Senate Military Committee today that nearly 95 per cent of the American troops brigaded with the British and French have been withdrawn and are being assembled at a point he did not designate.

This accounts for the small number of Americans engaged in the present forward movement of the allies.

SUBS DISGUISED ARE REPORTED

(By Associated Press Dispatch)

An Atlantic Port, September 7.—Two German submarines disguised as fishing craft and carrying sails are operating a few hundred miles off the Atlantic coast, according to information transmitted to the naval authorities by the officers of the British and French teamships arriving here today.

FIRST BIG CROWD TODAY AT CHICAGO

(By Associated Press Dispatch)

Chicago, September 7.—With long lines forming in front of the ticket windows and approximately 3,000 bleacherites in their seats shortly after noon, indications were that the first crowd of real world series magnitude would attend the third game this afternoon between the Chicago and Boston clubs.

Estimates shortly before the game placed the number of spectators at 35,000.

There was a goodly sprinkling of uniforms in the crowd.

CHILD FATALLY BURNED.

Marion, Ohio, September 7.—The little son of Mr. and Mrs. William H. Paessler died today of burns received when he pulled a vessel of boiling grease out of a cupboard.

Accelerating the Retreat of the Germans in All Sectors of Long Front.

Scores of Towns and Villages Taken by British and French in Their Advances.

French Make Gains of Two Miles on Twenty Mile Front Capturing Tergnier.

Important Junction Point of Ham Now Held by French.

Part of Great St. Gobain Bastion Now in Hands of Allies.

Offensive on All Fronts Is Held Definitely by the Allies Under Unified Command.

(By War Editor of The Associated Press)

Accelerating the flight of the retreating Germans the British, French and American armies gained important new ground last night and today along the entire front from the Aisne to the west of Cambrai.

In the northern part the British have pushed forward on a front of more than 15 miles. They have driven in hard upon the left flank of the German line protecting Cambrai along the Canal Du Nord, occupying the greater part of Havincourt Wood and capturing several additional towns southward.

SOUTH OF THE SOMME

South of the Somme the French are reported to have effected a gain to an average of 2 miles on a 20-mile front. They captured Tergnier only 2 1/2 miles from the Hindenburg line at LaFere, and swept over several towns northward toward the front in their progress.

THE NOYON SECTOR

In the Noyon sector the French now hold the important junction point of Ham. It was beyond the Oise the French forces made their most important gains.

General Mangin's army had a difficult task before it here where the Germans are established in the extensive forest of St. Gobain, the key point of their defensive system. The French have already pushed through the outlying forest of Coucy, however, and by taking Barle's have begun to press in upon the St. Gobain massif itself.

At points along this front the French apparently have reached ground beyond the former German defensive line. The official statement shows them on the edge of the upper forest of Coucy, also a part of the St. Gobain bastion defending Laon, and they are unofficially reported to have pushed into an important stretch of entirely new ground in this area. The German resistance is most stubborn in this sector.

ON THE AISNE

On the Aisne the French have taken the Conde fort and Conde-Sir-Aisne, whence their movements threaten the Germans who are still clinging to the river to the east along the American front. Though it seems there can hardly be more than a short halt by the enemy here and reports from the American front indicate the allied lines already are

TOMMY AIDS FRENCH KIDDIES

BRITISH TOMMY AIDING FRENCH KIDDIES

A British "Tommy" assisting French kiddies from a ruined house in a village behind the lines. The kiddies had undoubtedly climbed into the house to play and were unable to descend, when "Tommy" came to the rescue.

moving ahead, particularly to the east toward Rheims.

In Flanders the British have gained further ground driving further toward the Messines Ridge in the vicinity of the town of Messines and edging eastward further south toward La Bassée.

RESULTS OF CAMPAIGN

As a whole, through the campaign inaugurated by Marshal Foch July 18, and particularly through the Franco-British drive during August, the German stroke of March 21st now has been virtually cancelled.

The Germans have been pushed from nearly all territory captured in their offensive.

Along the entire line now the enemy is facing an allied front under a unified command and instead of awaiting a powerful German stroke the allied forces are on the aggressive and powerfully reinforced by the imposing mass of American forces that has been transported to France.

SITUATION REVIEWED BY MARCH

German Retrograde Movement Characterized as a General Retreat on 100 Mile Front.

1200 American Airplanes Leave Factory This Week.

(By Associated Press Dispatch)

Washington, September 7.—Characterizing the German retrograde movement as a "general retreat" on a hundred mile front from Ar-

ras to near Rheims, General March, in his weekly statement pointed out that the German lines now are 60 miles from the French capital at their nearest point as compared with 40 miles as late as July 15th.

The situation on the western front, he said, is more satisfactory this morning than it has been in months.

The enemy's retreat was forced primarily, General March said, by two operations. The first was that of the British on the Arras-Peronne front and the other was the advance of the Franco-American troops across the Soissons plateau.

The Hindenburg line is now only ten miles away from the advancing allies at its farthest sector.

Official reports show that Franco-Americans have reached the Aisne on a ten-mile front last night while the French and American troops further north were within 10 miles of St. Quentin.

General Pershing has sent to the department a report of minor casualties hitherto unreported because of their trivial character. They total 20,000 cases up to August 20th, most of them being men who were so slightly wounded that they returned to the ranks within a few days.

In connection with this announcement General March disclosed the new policy of the department to forward by courier twice each week names of all wounded.

The complete list will be made public from Washington and casualties cabled from headquarters will include only dead and missing.

Summarized reports received here on the Siberian situation, the Chief-of-Staff said, show that the Czech-Slovak-Japanese forces had cleared the trans-Siberian railway from Vladivostok to the River Volga. He added that the general situation was now more favorable.

Organization of three new divisions has been ordered, including the Ninety-fifth Division at Camp Sherman.

General March announced that more than 90 per cent of the entire American forces in France already have been included in the American sectors.

He also said 1200 airplanes had been delivered from the factories so far this week. Latest advices indicate, he said, that 800 American fighting planes are now in France.

PHYSICALLY DISQUALIFIED.

Lancaster, O., September 7.—Major Van A. Snyder, Sixty-second Pioneer Infantry, at Camp Wadsworth, South Carolina, has arrived at his home here after being honorably discharged for physical disability.

DANGEROUS BLAZE CAUSES LOSS OF MANY THOUSANDS

Old Music Hall Building on South Main Street, Opposite Masonic Temple, Scene of Fire at Noon Saturday.

A fire which for a time threatened the entire old Music Hall block, on the east side of South Main street, broke out on the second floor of the structure at the noon hour Saturday, and it was one hour later before the fire was completely extinguished, after it had caused a loss of several thousand dollars, virtually all of which is borne by The Millers and Manufacturers Service Company, of which Lon A. McCoy is the head.

The fire, so far as could be learned, originated close to a pile of burlap used in sack making, and is supposed to have been caused by a short circuit among a system of motors in the building.

When the fire department reached the scene the fire was pouring from the rear portion of the building and mounting upward 25 feet above the building, while the entire interior of the second floor room, which extended from the rear to about one-half way forward in the building and was formerly a part of the old Music Hall proper, was in flames which had communicated with the adjoining room occupied by Bryson & Hay, plumbers.

Several lines of hose were laid, and after the water was once playing upon the flames they were speedily gotten under control, although in a most dangerous place for a great conflagration which might easily have wiped out the entire block.

In addition to a large amount of burlap, and burlap sacks destroyed, and badly damaged, a large amount of new machinery was virtually ruined by the fire and water.

The loss to Bryson & Hay will not be heavy. The damage to the building is several hundred dollars, and the main loss, which will reach into several thousands of dollars falls up on the Millers & Manufacturers Service Company, which deals in bags of all kinds.

FIRST AIRPLANE IN MANY WEEKS

The first airplane to pass over this city in a number of weeks appeared at 10:25 Saturday morning, headed southward, and when over the outskirts of the city turned short about and headed back toward the aviation field at Dayton.

The plane was about 4,000 feet above the ground and making good time.

17 AMONG 24 MEN PHYSICALLY SOUND

Seventeen men among the 24 examined by the local draft board, Friday, were physically qualified for military service and six were pronounced physically unfit, with a possibility that two of them may be held for limited service. One man has not been passed upon.

The physically unfit are: Gerald Cartwright, Chas. Leroy Minor, Earl Paul Williams, Jesse Bartruff, Samuel Wayne Church, David Everts.

Those who are physically qualified are: Geo. W. Dewey Burille, Robert Walter Price, Selsor Sennett Parker, Omar Jennings Serbert, Sylvester Homer

FUNERAL SERVICES MRS. MARY LUTTERELL

Funeral services of Mrs. Mary J. Lutterell will be conducted Monday afternoon at 1:30 o'clock, at the home of Dr. L. M. McFadden, on Court street.

Burial will be made in the Leesburg cemetery.

ANOTHER MEMBER OF M COMPANY IS KILLED IN ACTION

George W. Allen, Who Made His Home With James Beatty, of Jefferson Township, Fell on Field of Honor and Was Buried Where He Fell.

Another of Fayette county's brave sons has poured out his blood and given his life for the cause of freedom.

He was George W. Allen, who, until sometime ago, was a first class private in M Company, but at the time of his death was a member of L Company, 125th Infantry.

Word of his death reached his mother, Mrs. Homer Speakman, residing on the L. Ervin Parrett farm four miles north of this city, Saturday morning, and the same mail not only brought to her his federal insurance policy for \$10,000, but carried a letter to Mr. James Beatty, of Paint township, informing him of the death of the young man. The young man's father, Frank Allen, is said to reside in Toledo.

The message telling of the death of Private Allen was from Lt. Chas. G. Willitt, of L Company, 125th Infantry, and stated that death had come to Private Allen on the field of battle while he was fighting bravely, and that his body was buried on the field taken from the enemy.

Private Allen was a good soldier—one of the best in M Company. It is stated, and held the rank of first class private when he left this city. Complete details of his death are lacking, but the indications are that he was killed instantly during the American drive around Chateau-Thierry on July 31st.

LOCAL BRANCH OF PROTECTIVE LEAGUE BUSY IN MADISON

Acting under instructions from the higher authorities, members of the local American Protective League have been active in Madison county the past several days and have accomplished some good work.

Regarding their activities the Madison County Democrat says:

"The American Protective League, with Ohio headquarters at Washington C. H., is at work in Madison county rounding up work slackers. They are actively putting into execution the famous 'work or fight' order of President Wilson as extended by Governor Cox. The President's order relates to men of the draft age while the governor applies its provisions to able bodied men of all ages. Every able bodied man of whatever age is expected to keep constantly busy at some work profitable to the welfare of himself and the state or to suffer prosecution under the vagrancy act.

On Thursday afternoon Mayor E. S. Gordin presided at several prosecutions under the 'work or fight' order as represented by section 13, 409 of the statutes, otherwise known as the vagrancy act.

"Mayor Gordin made it very plain to the men before him yesterday that we are at war and that none of us are permitted to act as we might in times of peace. We have not only ourselves to support but have a mighty army of men in the fighting lines to feed and support. It is up to us to back them up by our labor and the government, state and municipal authorities intend to see that everyone shall work continuously at some sort of profitable labor. There is to be no loafing on the job either. Every able bodied man shall perform a reasonable day's work.

"In the case of men of draft age who are performing inefficient work it is the purpose of the authorities to take the worker before the local draft board and send him to Camp Sherman. In case it is necessary for the general government to handle the case the man who 'shirks' his work will be transported to the Hog

Take Advantage of the Opportunity

Once before we have called attention to the several essential means of communicating facts to the people—the means by which we keep ourselves constantly and understandingly in touch with the tremendous events now transpiring. It is vital that the people—the people of a democracy—be correctly advised of facts in order that they may form intelligent conclusions, adopt and follow the proper line of action.

People should seek knowledge these times as to world events, through every reputable and reliable source.

Necessarily war has become our primary purpose for the time, and that is true of us as a nation and true of each one of us individually, and it is not remarkable therefore that all the channels through which information comes to the people should be congested with war facts almost to the exclusion of everything else.

Our reading matter, the poetry and fiction, as well as the news dispatches, deals with war. Our amusements, primarily the motion picture theaters, deal principally with war.

We must not only expect this, but we should welcome it as a wholesome condition. Every item of fact in the news of the day, dealing as it does with the war and related activities, should be read and considered intelligently. It's our duty to do that in order that we may assist in directing the course of the nation.

The current news pictures at the motion picture houses should be seen by everyone who can possibly do so. Nothing brings facts home to us with more lasting effect for good than pictures. Read the news and see the pictures. It is an important duty of the time.

Public Opinion

The American people are in earnest about complying with the request of the government officials that Sunday pleasure riding be discontinued.

In that request, as with every other one, the officials, in this great country of ours, make no order and attach no penalty in the first instance. There are few people indeed who do not comply and the indignation of the many who comply with requests soon expresses itself in a forceful way against the few who are so selfish or neglectful as to refuse or fail.

It seems safe to say that the reception accorded the few pleasure riders on last Sunday will serve to prevent them from attempting further violations next Sunday, or on any other Sunday so long as the request is not withdrawn.

But, in response to the demand of public opinion, it is quite likely that some form of punishment will be attached to the request—not a jail sentence or the infliction of the death penalty—but likely a dishonor list to be kept in the archives of the nation which will contain the names of those who did not comply with the request.

Numbers and names are being taken for use in a manner hereafter to be determined. Public opinion is the highest law in free America.

What a Difference

In Chicago on Thursday the first baseball game of the series which is to decide the championship of the world, was played.

It was a great ball game—great from every point of view save attendance and public interest. The attendance was less, by more than one-third, than it was last year.

Where, in former years, the parks at which these games were played were taxed to more than capacity—every available seat taken and so many spectators compelled to stand that special ground rules were established and then thousands were refused admittance to the park, this year only a moderate sized crowd filtered through the turnstiles at the park entrances.

Few people outside the big cities where the games are scheduled knew when the games were to be played. Throughout the nation the hundreds of thousands who watched the bulletin boards for every play, were conspicuous by their absence.

Nothing could be stronger proof of the hold war has on the American people than the lack of interest in the premier event of the baseball season.

We are playing the big real game of war. Our hearts, our every energy and whole attention are concentrated on the tremendous work of war. We have no time for the sham battles of the diamond, much as we love our national game.

When the boys come home, when the great work of the time is concluded, we will turn again to baseball, but until then it's the bigger game for all of us—baseball players and baseball fans.

Poetry For Today

GIVING AND GETTING

The teacher deems it good to live
Because she deems it life to give
And so she freely gives herself
Aspiring not to fame or pelf.

She gives her time from morn till night
Transforming darkness into light
And daily in her busy mart
She gives the treasures of her heart.

She gives her beauty and her youth
She gives her wealth of garnered truth
She gives her smiles, she gives her tears
And rarest gift, her priceless years.

For these she gets a petty dote
And scorn that crucifies her soul,
She gets the critic's proud disdain,
And echo from Golgotha's plain.

But once she got a fragrant rose
A mother's gift, no angel knows
The joy she felt, with hope imbued
To have one gift of gratitude.

HUNS FALL BACK

(Associated Press Cable)

With the American Army on the Aisne Front, September 7.—The Germans fell back a short distance early today before the pressure of the French and Americans to the east of Reillon, at about the center of the line between Conde and Rheims.

TRANSPORT HIT BY TORPEDO

(American Press)

Washington, Sept. 7.—The United States army transport Mount Vernon formerly the North German Lloyd liner, Kron Prinzessin Cecilie, was torpedoed by an enemy submarine 200 miles from the coast of France while homeward bound, but was able to return to port. The report to the navy department made no mention of any casualties.

No military units were on board, but the big liner probably was carrying some sick and wounded American soldiers in addition to her crew of probably 600 or 700 navy men.

The torpedoing occurred 200 miles off the French coast. The Mount Vernon, early in the war, while still under German control, started to dash across the Atlantic with a cargo of gold, but put back to Bar Harbor where she was libeled. This kept her on the American side until the United States declared war, when she was made over as a troop ship.

ROUTED HUNS

GENERAL HUMBERT

The heroic troops of General Humbert last week delivered a crushing blow to the Germans, which led to the capture of Noyon and smashed through the Hindenburg line. Then the gallant French fighters advanced more than twelve miles north of the Oise River, and are still going strong. General Humbert, by his distinguished service since the early days of the war, has proven himself one of the most capable of the French leaders.

ALLIES WILL HOLD BOLSHEVIKI HEADS TO RESPONSIBILITY

(Associated Press Dispatch.)

Washington, September 7.—Bolshevik authorities at Moscow have been warned by the allied powers through the ministers of Holland, Denmark and Switzerland that they will be held personally responsible for the lives of allied consular officers and missions now detained in Russia.

HUNS MAKE HIT ON "RED CROSS"

(Associated Press Cable)

With the American Army, Friday, September 6.—German aviators scored two direct hits Wednesday night on the large "Red Cross" between the wings of the Franco-American hospital southwest of Soissons.

There were no casualties as all the patients had been removed to nearby caves when the bombing began.

ROLL OF HONOR

Today's honor roll contains the names of 193 men, including nine Ohioans, and of the total number 27 were killed in action, 15 were reported missing, 164 wounded severely, two died of accident, 69 wounded degree unknown, 15 died of wounds and one wounded slightly.

The Ohioans are:
Wounded, degree undetermined:—Chas. Henry Simmons, Lockville; Harry Thomas, Martins Ferry; Russell Kirkley Heller, Akron; Marvel Cook, Lima; Carl Willard, Salem; Thos. H. Hamilton, Columbus.
Wounded severely — John E. King, Mesopotamia; Chas. H. Marrott, Hudson; Daniel Webster Stacey, Poland.
Died of wounds—Roy Gill, Toledo.

RELIABILITY ~ THE ~ ACCOMMODATION

FAYETTE COUNTY BANK

STRENGTH ~ WASHINGTON, C. H. OHIO ~ SERVICE

Social and Personal

Mrs. William W. Westerfield, of New Orleans, La., and Mrs. Albert S. Glasecock of Cincinnati, were honor guests at a charming little four-table progressive auction bridge given by Mrs. George Fabb, Friday afternoon.

A profusion of early fall flowers in artistic arrangement made doubly attractive the pretty home and an elaborate two-course luncheon was served at the close of a gay game, in which Mrs. Glasecock won the favor.

Mrs. H. E. Cherrington, of Columbus, was also an out of town guest.

Mrs. Regina U. Staibus and Mrs. Lulu H. Robinson entertained with a most delightful dinner Friday evening in compliment to Rev. and Mrs. William Boynton Gage.

Seated with the hostesses and honor guests were Mr. and Mrs. R. S. Quinn, Mr. and Mrs. Austin F. Hopkins, Mrs. Bella L. Ustick, Mrs. Frank M. Fullerton, daughter Miss Dorothy, and Rev. D. H. Rejy.

The spacious home was effectively decorated with fall flowers and the table was lovely, lighted with brightly burning tapers in crystal candle sticks and having for its center piece a graceful basket of pink and white cosmos.

Following a dinner of delicious viands, the guests lingered late in the evening in congenial sociability.

The Ladies Aid Society of Mt. Olive church enjoyed their regular meeting with Mrs. C. W. Orman on Temple street.

Fourteen members responded to roll call with a Biblical quotation, the president, Mrs. Charles Engle, presiding.

After the usual business was transacted, the guests spent a pleasurable social hour.

The society rules against the serving of refreshments, but there is no restriction placed on the social chat, which is always prolonged till the afternoon's shadows begin to lengthen.

Miss Blanche Breech hospitably filled the role of hostess to the Philathea Club this week.

A dainty repast was served and the evening fully enjoyed by a large representation of the members.

Delightfully versatile and introducing master composers and their most beautiful compositions are the programs compiled in the Cecilians' Year Book for 1918-1919, just issued to members of this musical organization.

The Year Book is tastefully gotten up, the covers wood brown, lettered in Sepia and the pages pale yellow, bearing the same script "The Music of the Allies" from which the program is culled provides gems galore, and the program committee, Miss Ada Woodward, Chairman, Mrs. Netta H. Ballard, Mrs. Mary G. Burgett and Miss Helen Teeters, has made exceptionally good selection, each program a concert recital.

The Christmas program is especially attractive. Current musical events will be a feature of each program.

The Cecilians, under the presidency of Mrs. Nina M. Craig, are anticipating a year of unusual interest and pleasure.

Mr. Jack Boyd was over from Springfield spending Saturday with friends here.

Sergt. Henry Sulder is up from Camp Sherman visiting his sisters.

Misses Grace Ogle, Prudence Culhan, Anna Bell, Lizzie Bell and Corda McCafferty are spending the day in Sabina with Miss Clara Haines a former teacher of this city.

Mr. and Mrs. Bert Leach and daughter Marjorie and Mr. Ed Post, are spending the day with friends in Dayton.

Mr. William Morgan came over from Springfield Saturday to join his wife at the home of her mother, Mrs. V. P. Smith.

Miss Grace Pavay comes down from Columbus this evening to visit Mrs. V. R. McCoy.

Mr. and Mrs. Albert Glascock and children Georgiana and Gifford, who have been spending part of the summer with Mrs. Glascock's parents, Mr. and Mrs. J. L. Rothrock, returned Saturday afternoon to their home in Cincinnati.

Miss Fannie Browning left Friday evening for a visit with relatives in Columbus.

Miss Rosalie Slagle guest Miss Clela Slagle, Clark La., and Roland Slagle motored to Columbus to spend the day.

Miss Juliette Mayer of Bellfountain, is the week end guest of Miss Mary Weaver.

Miss Virginia Campbell is spending a few days in Chillicothe.

Mrs. Harry Foreman, daughters, Misses Elsie and Mary went to Cleveland this week to join Miss Kathryn Foreman and make their future home at 1711 Shaw Avenue. Miss Ruth Smith accompanied them to take a commercial course.

Mr. and Mrs. Frank Bending had as their guest today, their nephew Harry Moeller of the Navy, who is spending a three day furlough at his home in Circleville. Young Moeller is stationed on a United States Chaser.

Mr. H. M. Baker and son Charles, motored here from Buckeye Lake, Friday evening, enroute to their home in Portsmouth, and were the guests of Mr. Levi Reeder and family over night. They took home with them Saturday morning, Mrs. Fanny Baughn, who will assume the management of his home and be a companion for his daughter, Miss Ruth.

HAD DYNAMITE IN RESTAURANT NEAR CANNING PLANT

Dangerous Practice of An Aged Man Who Was Preparing to Carry Powerful Explosive on Train With Him.

A certain aged man, who name was not divulged and who has had a very close call from tangling up with the Federal authorities, left the city Saturday morning very much wiser than he has been for sometime past.

The man, who formerly was employed at The M. Hamm Company's plant is said to have obtained several sticks of dynamite at the plant, and intended to use it for some purpose, so recently he placed it in the hands of a restaurant keeper near the Fayette Canning plant with instruction to take care of it until called for.

It leaked out that the dynamite, consisting of at least a pound of the powerful explosive, was being cared for in the restaurant near the plant, so the matter was placed in the hands of the police, with the result that the dynamite was confiscated and the aged man called upon to explain.

He is said to have declared that he had left the explosive until he could take it with him to some point in the hills near Bainbridge, and it is understood that he intended carrying it with him on the train.

The man was not aware of the Federal law which provides a heavy penalty for any but a licensed person handling such explosive, and that the penalty for carrying explosive on a train is doubly heavy.

He was allowed to go on his way, and is said to have left for Bainbridge.

NOTED SURGEON TALKS TO DOCTORS

Dr. C. A. L. Reid, noted physician and surgeon of Cincinnati, was in this city Friday, and while here delivered an address to the Fayette County Medical Association, at the Y. M. C. A. Friday afternoon.

Dr. Reid is an orator along with his other accomplishments, and his words were largely directed to the war work and the need of more physicians. He urged all local physicians to do their patriotic duty and asked that some of them report at Cincinnati within a week and they would be given assignment, either for over seas service, cantonment service, or reconstruction hospital service, and it is understood two or more of the local physicians will go, having made application sometime ago.

Dr. Reid bears the rank of Major and is from the U. S. Surgeon General's office.

HUNS ARE "UP AGAINST IT" IS THE BELIEF OF E. L. BURNETT

Local Boy Now in France Gives Some Interesting Inside Information.

Pichatel, France, August 14th, 1918.

Dear Friends:

Will write you a few lines to let you know that I am all O. K. Hope this finds all of you well. How is the picture business? I haven't seen a picture since I left the States. I see by the European edition of The New York Herald that the Germans are on the run. I certainly hope that they will soon realize that they are up against it and throw up the sponge. Was talking to French soldier who was just released by exchange from a German prison camp. He has been a prisoner for four years. He said, the Germans were sure up against it for food, clothing and ammunition. He said they were making clothes out of paper also dressing their wounded with it. I am learning to talk French pretty good. The French have got a good wheat crop this year. They are just cutting it now. The women and old men do the work. They cut it with cycles. They thresh it by hand. They raise a good deal of Buckwheat and potatoes also. They seem to have plenty sugar and chocolate and tobacco is very scarce.

Well I will have to close for this time hoping to hear from you soon. I have as yet received no mail from you since I have been across. Best regards to all.

Your Friend, EDW. L. BURNETT.

"Y" WAR WORKER WALTER PATTON VISITS FRIENDS

Was on Firing Line With American Forces Around Chateau-Thierry and Will Return to France with Gun on Shoulder to Greet Huns.

Y. M. C. A. war worker, Walter Patton, former General Secretary of the local Y. M. C. A., reached this city Saturday morning for a brief visit among friends, and when he returns to France he expects to carry a gun and be a part of the great American army, instead of a Y. M. C. A. worker.

Mr. Patton is bronzed by exposure and has greatly increased in weight since leaving this city one year ago, although his eleven months of hard service, much of the time in the battlezone and facing death almost hourly has left some marks upon him. Nevertheless he is the same genial "Pat" and has been warmly welcomed on all sides while in the city.

Mr. Patton will return to Springfield Saturday evening, and then come back to this city Tuesday of next week, remaining until after registration day, when he will register and expects soon there after to enter the military service.

Mr. Patton was on the firing line with his Y. M. C. A. but during the drive on Chateau-Thierry, and saw much of the fighting from that time until August 15th when he embarked for America, sailing two days later, and arriving in New York Sept. 2nd and Springfield, Sept. 4th.

He is confident that the allies will keep on winning and that the Germans will be given the worst thrashing of their lives.

"A great many people have overestimated the Germans. They are not super-men, and no one is afraid of them 'over there' declared Mr. Patton.

Speaking of the American soldiers Mr. Patton said: "They are really the best all round soldiers over there, are well equipped, of high morale, excellent physical condition and absolutely without fear. The French people give the Americans credit for saving Paris.

"When the American soldiers fire they aim carefully and really accomplish results, while it seems as though the foreigners fill the air with bullets.

"The closest call I had was when a shrapnel shell struck within 12 feet of me," he declared.

Mr. Patton wants to give all credit to the soldiers. "A fellow should not talk of his little experiences very

much when he takes into consideration what the soldiers do, and the increased dangers to which they are exposed," he insists.

He states that the French intelligence officials knew of the big German offensive ten days before it opened, and were ready for the Huns and took care of them accordingly.

MEMORIAL PLACED FOR FAYETTE MEN

The Memorial, erected upon the court house lawn at the instigation of the Dutch Treat Club, was placed in position on the Court street side, near the sidewalk, Friday afternoon, and bears the names of the Fayette county men killed in action or who have died of wounds or disease, either in this country or abroad.

The memorial consists of the white columns supporting a large frame with a service flag bearing a gold star forming the background, and the names of the dead printed upon a card attached to the flag.

The card, to which will be added the names of all Fayette county men who give their lives in the service, contains the following seven names: John Burke, Henry Larkins, Clarence Downer, Loren Kountz, Earl Thomas, Mallie Vance, Clarence M. Hard.

At the top is the inscription, "Fayette County's World War Heroes."

WHOLLY SELECTIVE SERVICE PLANS SHOULD BE AIM

Louisville Courier-Journal, editorial copied by Cincinnati Commercial Tribune

No step taken by Secretaries Baker and Daniels for the prosecution of the war has been wiser or could be more fruitful of results than the order forbidding voluntary enlistments in the army and navy while the "18-to-45" draft bill is pending, and until further notice.

To be ideally selective as to men who should stay at home and as to men who should don the uniform, the draft should control every man of military age. This is not so as long as men may volunteer. Because the volunteer system of army and navy recruitment in the United States many men feel that to wait to be drafted is to display reluctance to serve. The result is that many men who would not be called under the draft, because they should remain in their civil occupations, are inclined to enlist to avoid the draft. This should not be so. The selective draft law is responsive to the will of the people. The American conscript is in a sense self-drafted. His will, speaking generally, is reflected in the draft law. He should be ready to serve if called, but willing to allow the selection of men to proceed under the best conditions; but pride forbids many men to volunteer to avoid a fancied stigma. The mere fact that such men—at present men between 31 and 45—have not made an effort to get into khaki before the increase of the draft age was imminent is proof that pride rather than an overwhelming desire for military service, actuates them. Such pride is not despicable, but the man who is moved by it to volunteer because he might be drafted is not a better patriot than the man who is willing to wait his turn; willing to serve if wanted, but willing to continue his civil calling if, in the estimation of the Draft Board, it would be better for him to remain at home.

The rush of men between 21 and

CATARRH BURNS STERILIZING
SORE THROAT INDIGESTION

Now on sale at your
DRUG STORE

Sterizol—being an enemy to both germs and inflammation and in such form that one can use it as a liquid salve, suppository, cosmetic, vapor, in poultices or as a liniment—enables one to reach the germ or inflammation and thus its healing, cleansing influence can be brought to bear directly on the disorder.

Sterizol is the very best thing in the world to prevent and nip in the bud those conditions that come from discharges, decay, congestion of the blood and inflammation.

GUARANTEE

If Sterizol is not to your complete liking you will do us a kindness by returning package to the Sterizol Laboratories at Fostoria, O. and allow us to return your money in full.

**I'M WELL!
You Well?**

31 for the recruiting stations last summer occasioned little observable disturbance of business, but it did withdraw from civil life many young men who should not have gone into the army. If boys who should go to college and men who should remain at home should rush pell mell to the recruiting stations this month the result would be disastrous. It would in a great measure defeat the fundamental purpose of the extension of the draft law, which is not to get men for military service merely, but to mobilize the country for the prosecution of the war at home and abroad, in the laboratories, the business house, the factories, the mines, the shipyards, the forests, upon the farms in the United States as well as upon the European battle fronts. If the only end in view were to get enough men in khaki it would not be necessary to extend the draft age to 45.

The Courier-Journal has said more than once that the most servicable draft law, all things considered—and many other things than military service must be considered—would be one making voluntary enlistment impossible in order that the draft might be 100 per cent selective, the army getting the men best suited for military service and least needed at home, and the war tasks at home getting the men most fitted for their accomplishment and most needed at home. The order suspending volunteering accomplishes that purpose temporarily. In its effect upon the prosecution of business and industries which are as necessary as a great overseas army it is a "stop loss" device of incalculable value.

Inasmuch as they may not enlist, men who will become registrants under the new law will continue their customary occupations with undisturbed minds, and the various and enormous war prosecution projects now under way will not be impeded by mere concessions to pride—honorable pride—upon the part of men who may be more needed at home than in the army.

The promulgation of the anti-enlistment order is a brilliant coup in behalf of effective prosecution of the war.

FINLAND GIVES ALL TO THE HUNS

(By Associated Press Cable)
Paris, September 7.—A treaty of alliance has been concluded between Germany and Finland under which the entire man power of Finland is put at Germany's disposal, according to a dispatch from Copenhagen.

CAMP MEETING

The annual camp meeting of the Church of Christ in Christian Union at the Mt. of Treise, Circleville, O., on Ohio street is still going on and will continue over Sunday. All are welcome to come and enjoy these feasts of love.

CUBS WIN SECOND OF BIG SERIES

(American Press)
Chicago, Sept. 7.—Chicago Nationals put the world's series on a 50-50 basis yesterday by defeating the Boston Americans, 3 to 1.
Tyler, pitching for Chicago, was the hero of the contest, for he projected a steady stream of batters and capped the climax by shooting a single over second that scored two runs. All of Chicago's runs were made in the second. Merkle was passed, Pick bunted safely and Killifer hit for two bases, scoring Merkle. Tyler's single sent Pick and Killifer home.
Boston's only run came in the ninth, when Strunk and Whitman each hit for three bases. Tyler, however, staided and threw out McInnis at first. Scott was allowed to walk and the gigantic Dubuc came to bat for Thomas. He fouled off a dozen good ones, but in the end struck out.
Despite pleasant weather, the attendance was only a few hundred more than on Thursday, and the 20,040 persons present left many vacant seats. Score:

YANKEES BRINGING IN GERMAN PRISONERS

BRINGING IN PRISONERS. ©COWH. ON APPLIC. INFORMATION SUPPLIED BY U.S. ARMY
American military police bringing in German prisoners captured during a recent American drive through a deserted French village.

Elks, commanded by R. L. Quisser. It will precede a patriotic demonstration on the state house lawn at which Mayor Harry L. Davis of Cleveland, and Mayor John Galvin, of Cincinnati, will speak.

Bruce A. Campbell, of East St. Louis, Ill., grant exalted ruler of the Elks, will attend the meeting.

YANKEE SPIRIT IS SURE WINNER

(American Press)
Washington, Sept. 7. — American spirit is the real answer to the ease wherewith the German has been pressed back since the Marne combat. This, in substance, was the view of a prominent general staff officer in answer to the oft-repeated question, "Why is it that the German, who had never tasted a real disaster, is now being shunted back almost at will?"
As outlined, the reasons are threefold: First, numerical superiority of the allies, attained by America's accelerated troop movement program; second, American enthusiasm; third, lowered German morale. These three combinations, according to the officer, are directly responsible for the advances. The officer declared that as far as it is now seen, the German is retreating against his will without going back to points from which he might gain an advantage.

BAPTIST NOTES

The Men's Bible Class will hold their regular monthly business meeting and social next Monday night at the home of Capt. Wm. Vincent on Elm Street.
All men who have ever belonged to the class earnestly and cordially invited to come.

When the Women's Mission Circle met at the pastor's home last Wednesday afternoon, they came in large numbers, and brought a fine shower to Mrs. Hart of canned fruits and jellies and other good things, and they did not forget that the preacher liked spring chickens. Many thanks to the members and friends.

W. S. S. WILL HELP WIN THE WAR

City Churches

THE UNION SERVICE

This will be the last of the Sabbath Evening Union Services at the Court House at 7 o'clock.

Two local ministers will deliver a message on, "The Leadership of Christ." Seating arrangements have been made so that we hope to be able to seat most of the large audiences attending.

The "Community Sing" will be under the leadership of Mr. Herron. Assistance to the music will be furnished by an orchestra.

A Union Chorus will be present to assist and render special numbers.

McNAIR MEMORIAL

PRESBYTERIAN CHURCH
Rev. D. H. Rejy, Pastor.

Sunday School 9:30 a. m., Mr. Sherman Reader, Supt.

10:30 a. m. preaching and also 7:45 p. m. The members of the choir are requested to be present both morning and evening. The officers will make a special effort to raise the pastor's salary and the conference claims. Our conference will meet in Barnesville on the 18th.

There will be held a get together meeting Sunday all day. The members and friends of the church are requested to be present. Special services will be held under the auspices of the officers of the church. A general effort will be made to raise funds for paying the pastor and conference claims.

Rev. Mr. Eugene Simpson of Wilberforce is expected to be present and preach during the day.

"God Loves the Cheerful Giver." Will you be there?

J. T. OATNEAL, Chairman.
S. W. EVANS, Secretary.
A. T. ANDERSON, Treasurer.

POSTERS TO GIVE PROPER INSTRUCTION

By Associated Press Dispatch.

Columbus, O., September 7. — Posters telling how to send mail, money and parcels to prisoners of war in Germany or Austria are to be placed in every post office and post office substation in Ohio, Indiana and Kentucky, the Red Cross has announced.

The poster has been prepared by the American Red Cross bureau of Prisoners' Relief and is being distributed by the Lake Division Bureau of Communication.

Money for prisoners of war should be sent through the Bureau of Prisoners' Relief, American Red Cross, Washington. Letters and parcels should not be sent through the Red Cross, but direct to the prisoners. From \$5 to \$15 a month may be sent through the Red Cross to privates captured by the enemy. Officers may be sent from \$5 to \$50 a month.

The poster gives the complete list of articles that may be sent to prisoners. Not more than one package a month may be sent to any one prisoner.

WOMEN ENROLL IN PORTO RICO

(Associated Press Correspondence)

San Juan, Porto Rico, September 2. — F. C. Roberts, Special Agent in charge of the United States Employment service here, has announced that within a short time several thousand women will be registered and ready to go to the United States to help in war work.

The women, as well as the men, are being classified in such a way that particular types of workers can be supplied to meet any particular requirement. Mr. Roberts said that a considerable number of the women who are enrolled have had sufficient commercial training to make them valuable in the offices of exporting houses having business in Spanish speaking countries.

AMERICAN ARMY TO ATTACK SOON

(American Press)

Washington, Sept. 7.—The hour when General Pershing's army will be thrown into the battle is rapidly approaching, in the opinion of many officers and officials at the war department. Developments indicated to these observers that the German withdrawal was nearing the point where Marshal Foch would make use of every available weapon to prevent the enemy from making a stand in his old positions along the Hindenburg line.

Reports from the front indicated that the Germans were accelerating their withdrawal along a wide front before the French and British armies that are pressing urgently on their heels. Apparently, it was said, the enemy leaders feel that the line has been strengthened out sufficiently to permit a quick withdrawal the rest of the way to the old, well-fortified lines from which they launched their great drive last March. The fact that the British already have broken across the old line on the Douai-Cambrai front is regarded as the spur that is impelling the Germans to rush the last stage of their withdrawal.

There is no doubt among observers here that Marshal Foch has mapped out a plan by which he hopes to prevent the enemy from settling into his old lines and reverting again to trench warfare. It is regarded that if the enemy attempts to hold the Hindenburg line or such of it as he can, he will have to mass reserves to do it. A new attack, far to the south and east of the present battle area, would compel him also to rush reserves to that front, and it is in such an attack that many officials are confident that Pershing's army will be employed.

It is noted here that no effort has been made by Marshal Foch to extend the action to the front east of Rheims thus far. The sector between that place and Verdun has been completely quiet through the fierce fighting to the north. Many officers think an attack may be launched there with the object of turning the whole German line northward, and that probably a simultaneous attack would be delivered beyond Verdun, where the original American sector lies, to complete this conception of a wide turning movement against the enemy positions in northern France.

Go "over the top" with a went ad.

POOR OLD LADY

(American Press)

Amsterdam, Sept. 7.—American aid is of great benefit to the allies, but it is not sufficient to win the war, in the opinion of General Ludendorff. An interview expressing these views was given the Assezt and telegraphed here from Vienna via Berlin. "The Americans are there and rendering no inconsiderable assistance both in men and material," said Ludendorff. "That American assistance will be the decisive factor in the war, however, is a vain hope. The entente, especially the French, have always lived on hope—first hope in Russia, then hope in America. We settled Russia. We will settle the Americans. Our will to victory remains unbroken, and we shall break the enemy's will to annihilate."

LEGAL NOTICE

Uley Craig, residence unknown, will take notice that on the 17th day of August, 1918, Lena M. Craig filed her petition in the Probate Court of Fayette County, Ohio, being Cause No.—praying for a divorce from said Uley Craig on the grounds of gross neglect of duty and wilful absence. Said cause will be for hearing on and after the 28th day of September, 1918.

LOST—Several weeks ago, pair white kid gloves, heavily embroidered. Mrs. J. D. Kerr. 209 16

DECEMBER FIRST ENDS MAKING OF ALL BEERS

(American Press)

Washington, Sept. 7.—Manufacture of beer in the United States will be prohibited after Dec. 1 next as a war measure.

This announcement was made by the food administration, which said the decision had been reached at conferences between President Wilson and representatives of the fuel, food and railroad administrations and the war industries board.

The \$12,000,000 emergency agricultural appropriation bill, with its rider for national prohibition from next July 1 until the American armies are demobilized after the end of the war, was passed by the senate without a roll call.

Before final passage of the measure the senate voted, 45 to 6, to retain the prohibition rider. A final effort to postpone the effective date of the dry legislation to Dec. 30, 1919, was defeated.

The bill now goes to the house and because of the many amendments inserted by the senate it undoubtedly will be sent to conference. Prohibition leaders, however, expect the house to agree to the dry rider, so that there will be no possibility of changes being made by the senate and house managers.

Senators voting against retaining the dry legislation in the bill were Brandegee of Connecticut, Gerry of Rhode Island, Phelan of California, Pomerene of Ohio, Ransdell of Louisiana and Underwood of Alabama, while it was announced that many members absent and paired favored the amendment.

As returned to the house, the prohibition clause—a compromise effect—last week by senate wet and dry leaders—would stop the sale of all intoxicating beverages next June 30, except for export, medicinal, sacramental and other than beverage purposes, and would prohibit the manufacture after next May 1.

The compromise prohibition rider was regarded as the most important provision of the emergency agricultural bill. It is a substitute for that of Representative Randall of California, adopted by the house last May prohibiting use of the bill's appropriations until the president should exercise his authority in the food control law to stop manufacture of beer and wine, as well as whisky, during the war, as a food conservation measure.

After passage of the bill the senate conferees—all regarded friendly to the legislation—were appointed: Gort of Oklahoma, Smith of South Carolina, Smith of Georgia, Kenyon of Iowa and France of Maryland.

ATTENTION M. H. G.

The regular meeting of the M. H. G. class will be held at the home of Miss Mazie Kessler, Monday evening, September 9th, at 7:30 p. m. Business of importance; full attendance is desired.

New York Plans War Chest. New York, Sept. 7.—John R. Mott was chosen director general of the campaign seven national war work organizations are to conduct during the week of Nov. 11 to 18. The object of the campaign is a war chest of \$170,500,000.

140 or 150 lbs. Will pay \$5 or more for return of hog or any information leading to same. Os Briggs. 209 16

STRAYED—Male hog Duroc Jersey, one year old, owner can have same by paying for keep of hog and advertisement. Chas. A. Miller, Bloomingburg. 209 16

LOST—Several weeks ago, pair white kid gloves, heavily embroidered. Mrs. J. D. Kerr. 209 16

JUDGE ADVOCATE FOR DEPARTMENT OF EAST

COLONEL GEORGE M. DUNN

Colonel George M. Dunn, who has been appointed judge advocate at the headquarters of the Northwestern Department. Colonel Dunn served during the Spanish-American War as head of a detachment of Roosevelt's famous "Rough Riders."

GRUESOME RELICS FROM BATTLEFRONT

Three gruesome souvenirs of the battlefield reached this city by mail, Saturday morning, in the shape of German steel helmets, each punctured with one or more bullets which ended the life of the Huns who wore them.

The helmets were sent by Lieutenant A. D. Woodmansee, of the Medical Corps, who is now attached to Hospital No. 48, in France, and were picked up from the battle field, to gether with thousands of others.

The helmets prove conclusively that they are not proof against a well dissected British, American or French bullet, although they may stop shrapnel to a very large extent.

One of the helmets was consigned to Lieutenant Woodmansee's wife, a second to Mr. Glenn Woodmansee and a third to Dr. G. S. Hodson. One of the souvenirs, which has a bullet hole through both sides of the crown, is on display in the Rodecker show window.

EIGHT OUT OF TEN USE AUTOS FOR WORK

Eight of the ten rural carriers out of Washington are using automobiles to cover their routes, and as a result are back to the local office with their work completed by 11:00 a. m. to 12:30 p. m., while the two carriers still using horse-drawn vehicles reach the city sometime about 3:00 to 4:00 o'clock in the afternoon.

The routes where horse drawn vehicles are used for delivery are Nos. 4 and 10.

Mail for the rural routes must be in the post office not later than eight o'clock on the morning of delivery.

UNION SERVICES WILL BE THE LAST

The union services Sunday night, to be held on the court house lawn, will be the final of the present season, and arrangements are being made for one of the best services of the series.

"The Leadership of Christ" will be the theme of the sermon for the evening.

Special music is being arranged, and another large audience is expected. Seating arrangements will be made accordingly.

LINCOLN IMAGE IN CLOUDS OVER CAMP SHERMAN

What Is Doing About Big Camp Where Many Changes Are Taking Place Each Week.

By Associated Press Dispatch.

Camp Sherman, Chillicothe, O., September 7.—That the "S. or "Lincoln" Division which trained here will be the luckiest division in France when it reaches the war zone, is the belief of hundreds of member of this division who saw a cloud image of Abraham Lincoln over the cantonment several days ago.

Some of the men who say they saw the cloud, assert it was a perfect likeness of the martyred president. It disappeared for a moment and then reappeared in another cloud a few minutes later. Hundreds of the men watched the strange cloud formation.

Soldiers departing from Camp Sherman hereafter to eastern ports of embarkation must carry numerous articles. The latest order names the following articles to be taken by men for overseas duty:

One rifle, one case, bayonet and scabbard, 10 cartridges, gun sling, pistol or revolver, holster, 4 magazines, two magazine pockets, pistol belt and layard, cartridge belt, can of bacon, can of meat, canteen, canteen cover, cup, fork, haversack, helmet, knife, pack carrier, pouch for first aid, spoon, first aid pocket, one blanket, waist belt, woolen breeches, over-seas cap, one hat and cord, three chevrons, one overcoat, service coat, one dubbin, pair woolen gloves and two pairs of shoes.

The Rehabilitation Division, whose duty it is to make sick soldiers forget their pains as quickly as possible through the playing of games and other diversions at the Base Hospital, has saved so much time in fitting convalescents for duty, according to Colonel J. H. Allen, division surgeon here, that Surgeon General Gorgas has ordered similar departments organized in the other cantonments throughout the country.

Since the rehabilitation division was started here in May it is estimated that 230 men have been sent back to duty from seven to fifteen days ahead of regular hospital schedule. Camp Sherman was the first of any of the cantonments to inaugurate a method of fitting convalescents for duty by having them exercise and play games.

Charles I. Freeman, Base Hospital Y. M. C. A. secretary, assists Captain Merwin, commanding officer of the unique division. Freeman formerly was director of sports at the West Tech High School, Cleveland. There are from 100 to 150 men constantly under the care of the division.

Robert A. Doan, Nelsonville, O., man who recently became the new general Y. M. C. A. secretary at Camp Sherman, was led to Army "Y" work when his son enlisted in the army. Mr. Doan succeeds David Teachout, of Cleveland, who went to Chicago to become religious work director for the Central Department of the Y. M. C. A.

For the past six months before coming to Camp Sherman, Mr. Doan was "Y" secretary at Ft. Thomas, Ky., where his son was stationed.

TRAIN FOR FIELD SERVICE.

Washington, September 7.—Twenty-five per cent of all officers now assigned to the office of the Quartermaster General will be trained for actual field service under an order by Major General R. E. Wood, Acting Quartermaster General. Officers disqualified for field service will take their places.
